

### Level 3 Medication List

Revised 7/22/20

There are thousands of Level 3 medications. The list below includes a sample of medications available at the Level 3 copay. Some medications are available at a retail copay but will still require specialty distribution limited to a maximum of a 30 day supply. BCBSAZ has selected Optum Specialty Pharmacy as the exclusive Specialty Pharmacy. The medications followed by “**SP**” must be obtained through Optum Specialty Pharmacy. Please contact Optum Specialty Pharmacy directly at (866) 618-6741 to establish service with them. If you are currently obtaining a Specialty Medication from a Specialty Pharmacy and need to receive that medication from a retail pharmacy instead, please contact the Pharmacy Benefit Customer Service number listed on your BCBSAZ identification card. BCBSAZ and/or the PBM will decide whether you are eligible to receive the Specialty Medication from a retail pharmacy instead of a Specialty Pharmacy.
